Comments
labs and lectures were clearly outlined and easy to follow. we always had more than enough time for any tests/quizzes which was awesome. we didn't have to worry about time limit and we were evaluated on our learning and not time.

What did you like best about the Instructor's teaching?

Comments
Gives plenty of time to do exams. and my slow brain will forever be grateful for that.
plenty of time for examinations and both online and in-person lectures simultaneously.

What suggestions do you have to help improve the Instructor's effectiveness?
