Sources of Parts

Check the following if you need parts for your project:

- [Adafruit Industries](#) – sells well-documented "maker" components
- [Waveshare Electronics](#) – most of the lab components were purchased here
- [DigiKey Electronics](#) – large distributor with an efficient web interface
- [SparkFun Electronics](#) – another supplier of hobbyist electronics
- [Newark element14](#), [Mouser Electronics](#) – large commercial distributors
- [Jameco Electronics](#) – smaller distributor
- [Pololu](#) – robotics parts
- [McMaster-Carr](#) – almost anything not electronic

If you need something at the last minute one of the following local stores may have it:

- [Lee's Electronic Components](#)
- [RP Electronics](#)
- [Main Electronics](#)
