SECTION TWO: These comments are intended for your instructor.

What did you like best about the instructor's teaching?

- Knowledgeable
- Approachable

What suggestions do you have to help improve the instructor's effectiveness?

- Assignments that have material that is similar to the material in exams.
Assignments are very difficult, and the knowledge gained in the assignment doesn't cross over to the exams, leaving students with little to study off of.

SECTION TWO: These comments are intended for your instructor.

What did you like best about the instructor's teaching?

His ideas are clear and well thought out. He is very personable

What suggestions do you have to help improve the instructor's effectiveness?

The Matlab labs were a little over the top difficulty wise. I also didn't find them too useful or interesting. The first lab and the lab using the spectrum analysers was interesting.

The course handouts didn't help us solve most of the assignment questions.
