

## List of items in equipment pool for ECE Capstone students

Please contact Engineering Services if you would like to borrow items from the equipment pool.

Items can be signed out under the following conditions:

- Holds are fulfilled on a first-com, first-served basis
- Maximum loan period is indicated for each item below
- Renewals at the end of the loan period are allowed
- Items must be returned at the end of a week block if a hold has been placed by another group

Students are expected to return borrowed items, in the condition they were provided, within the expected duration or by the end of the course – whichever takes precedence – or when requested by staff or faculty.

---

**When placing a hold please include the following details:**

- **Group number and project name**
- **Items to borrow and their quantities**
- **Intended use**

---
